

Internship in the R&D department (histology laboratory) (f/m/d) - Unpaid compulsory or voluntary internship

Internship in the R&D department (histology laboratory) (f/m/d)

Unpaid compulsory or voluntary internship | Minimum duration 6 months | Location Grambach near Graz

Would you like to gain practical experience in a modern laboratory and gain an insight into the world of histology? Then you've come to the right place. During your internship, you will work in the R&D department and closely with our histology team and get to know the processes of an international research company.

Your tasks:

- Support in the preparation and processing of tissue samples
- Cutting of histological specimens (optional)
- Conducting and evaluating histological experiments (e.g. classical histological stains, immunofluorescence staining)
- Statistical evaluation, presentation and interpretation of data
- Support in the documentation and archiving of samples and results
- Collaboration in the organization and maintenance of the laboratory area
- Compliance with quality, safety and hygiene regulations
- Assisting the team with general laboratory and research operations
- Collaboration in the preparation of collected data for marketing purposes

What you bring to the table:

- Minimum requirement: Bachelor's degree in biological sciences or equivalent
- Interest in laboratory work and histological methods
- Experienced user of Microsoft Office
- Careful, structured and reliable way of working
- Fluent in written and spoken English or German
- Ability to work in a team and high willingness to learn

This is what you can expect from us:

- Exciting insights into the world of histology and preclinical research
- Collaboration with an experienced and supportive team
- Familiarization with modern laboratories and analytical methods
- International working environment with varied tasks
- Opportunity to gain valuable practical experience for studies and career entry

General conditions:

- Type of internship:** Unpaid internship
- Duration:** At least 6 months
- Erasums +** is supported
- Start:** By appointment
- Place of work:** Grambach near Graz, Austria
